Dear Premier Wall

I am writing to say how shocked and horrified I am to find out that 71,000 coyotes died because of a bounty imposed by your Agriculture Minister, Bob Bjornerud.

In light of the newly announced enhancements to the Wildlife Damage Compensation Program where producers will be compensated for 100% of the market value of the farm animals killed by predators and up to 80% of the market value of the farm animals injured by predators, I am asking you to take the following action:

1. Ban coyote bounties or programmes to cull coyotes;
2. Ban the use of Compound 1080 and Strychnine in Saskatchewan;
3. Establish a humane, cost efficient, effective and non-lethal human/coyote dispute resolution program;
4. Implement best farming practices to reduce attractants of grazing farm animals to coyotes; and
5. Remove the authority from the Minister of Agriculture to manage coyotes and other wildlife and give the responsibility to the Minister of the Environment.

Thank you for your time. I look forward to hearing from you.

Sincerely,
